

2) Build Your Portfolio

• Projects for ds and/or styling

• You don't have to be a designer

• Build things you find on Dribble

• Mix of ds/fun and proj and purely styling

• Github is your friend

• Yuwilaake nistake and ear

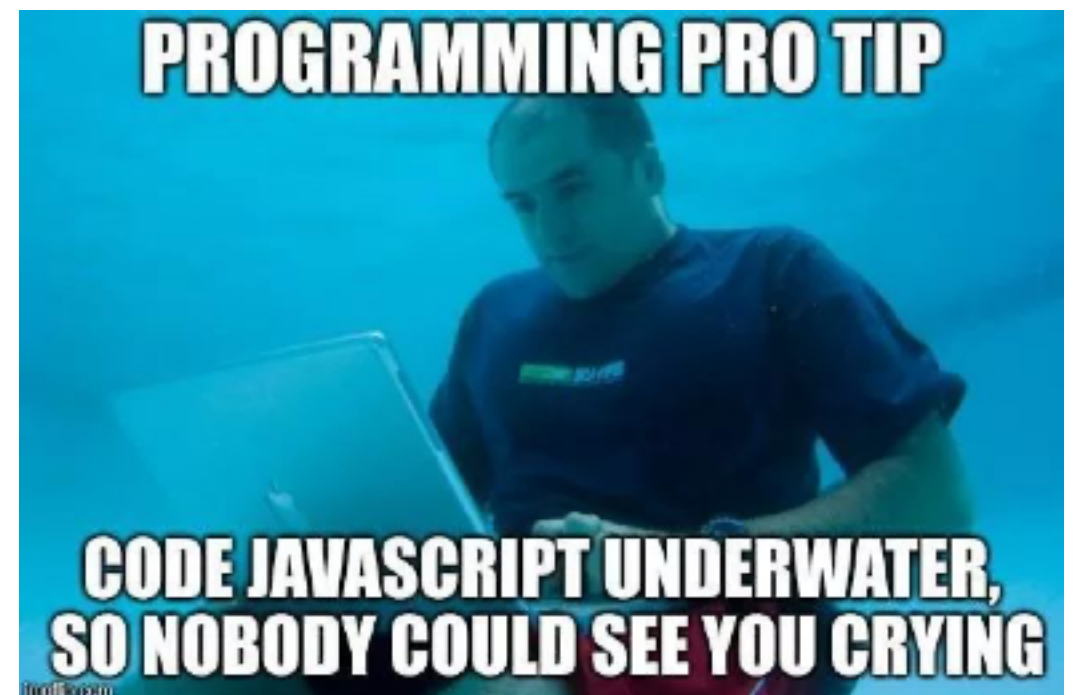

PROGRAMMING PRO TIP

A man in a blue t-shirt is sitting underwater, looking down at a laptop. The entire scene is tinted with a blue color, representing the underwater environment. The man's expression is one of concentration or perhaps sadness, fitting the meme's theme of crying in secret.

**CODE JAVASCRIPT UNDERWATER,
SO NOBODY COULD SEE YOU CRYING**

2) Build Your Portfolio

- Projects for JS and/or styling
 - You don't have to be a designer
 - Build things you find on Dribbble
 - Mix of JS/functionality projects and purely styling
- Github is your friend
- You will make mistake and learn

3) Whore Yourself Out
